
ABOUT US

CCPrep is proud to be South Orange County's Premier Test Prep & Tutoring Company. Founded in 2007, CCPrep is a family-owned business that strives to help local students reach their academic potential by making learning fun and engaging. We believe that students and parents deserve honest and ethical experts to help guide them through their SAT, ACT, AP exams, and high school classes.

WHAT OUR STUDENTS ARE SAYING

"I loved CCPrep's ACT/SAT combo course because it thoroughly gave me a plan of attack for every type of problem. My instructor kept my attention through all the sessions with his charisma and way of making things simplistic. Overall, I definitely would recommend this class to a friend."

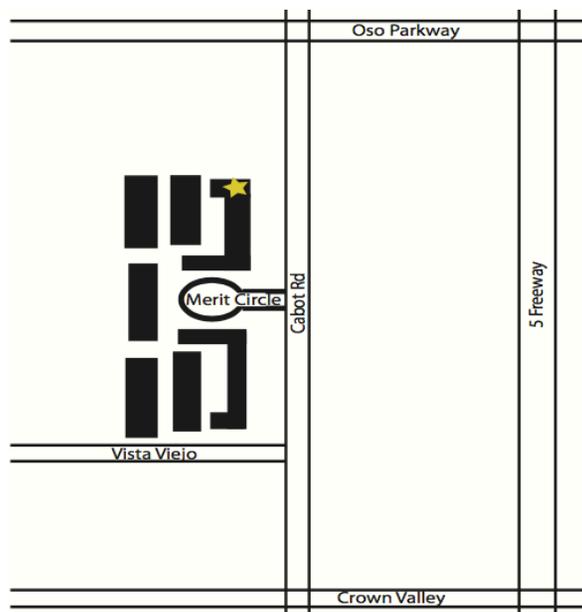

"My instructor was the sole reason I never dreaded showing up to class. He challenged me but taught me many tricks that I know will improve my scores. I would 100% recommend this course to any of my peers."

"I loved coming here. I had fun while preparing for the different tests. I truly felt like these classes helped me."

"I had a really good experience at CCPrep overall. The instructors managed to keep the classes interesting and fun, while also knowing when to focus on the task at hand. You can definitely tell that the instructors care about what they are doing."

"I love having funny teachers that keep the atmosphere light. But, of course, learning is the number one priority. I felt that I was well prepared for both the SAT and ACT."

SAT/ACT PREP COURSES

The SAT & ACT Courses are our signature offerings here at CCPrep. Our SAT/ACT courses are taught in small group classes of 10-12 students led by expert, personable instructors with years of experience with the SAT & ACT. We pride ourselves on teaching in a relaxed environment, allowing students to improve while minimizing the stress the test prep process adds to their strained high school lives.

Parents love our SAT & ACT courses as well. As a family-owned business with low overhead costs, we have the luxury of being able to price our quality courses far below most competitors. Plus, our helpful front desk team is happy to help accommodate class reschedule requests free of charge (when available).

Pricing:

SAT/ACT Combo Course (Recommended): \$425

SAT Only Course: \$350

ACT Only Course: \$350

SAT/ACT TUTORING

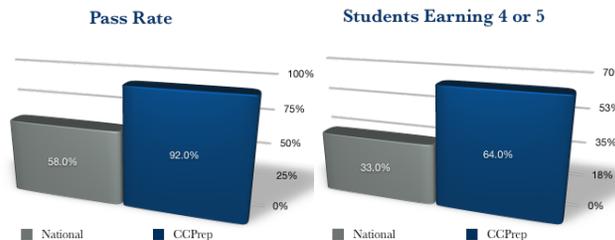

Our Test Prep Tutoring division offers the one-on-one support many students crave on the SAT and/or ACT. Every single tutoring session is taught by one of our knowledgeable tutors in a dedicated tutoring room with a whiteboard. Scheduling our tutors is very easy through our online booking software, and our cancellation policy is among the most lenient in the industry.

Pricing: \$60/hr

AP EXAM REVIEWS

CCPrep has been providing its popular and successful AP Review Courses since 2009, and each year our enrollment has grown. We now provide prep for 14 different AP Courses and last year we enrolled 550 registrants from over 15 different high schools in our courses. The goal of these review courses is a simple one: that every student in the room earn a 4 or a 5 on his or her AP Exam. We have that simple goal in mind whenever we create the curriculum, write the review manuals they will be receiving, and choose the practice AP Questions we will be covering as a group.

Pricing: \$100-\$250 (varies by subject)

SCHOOL SUBJECT TUTORING

After receiving tremendous demand from the community, we launched our high school subject tutoring division in 2011. Today, CCPrep serves hundreds of students every single year. Our staff is comprised entirely of the best and brightest seniors from local high schools, whose recent experience taking the exact high school classes they tutor makes them stronger and more effective than most college-aged tutors. In addition, the age of our tutors allows them to connect very well with their high school students. Our rigorously trained tutors routinely go on to attend the most prestigious universities across the country.

Every tutoring session is held in its own dedicated room with at least one window—not in a large, loud, and distracting study hall.

Pricing: \$40/hr

PREMIER TUTORING

Some students and parents inquire about working individually with our most experienced instructors. Greg, Robert, and Josh are very busy with instructing and managing CCPrep, but do have limited availability for tutoring. They are available for tutoring for SAT, ACT, Subject Tests, and school subjects.

Pricing: \$120/hr
